

In Time

If you're listening just give me a clue, show me what I, what I shouldn't do
If you hear me come on give me a sign, I might be falling, you could catch me
In time, in time, in time, in time, in time, in time

Say no to me now, to say yes later on
I know that we both are already gone

If you're lying come on tell me the truth,
It can't be much worse than words of my youth
If you speak I want your words to be clear, I tend not to trust, things that...
I hear you listening, to thoughts as they begin

Say no to me now, to say yes later on
I know that we both are already gone
I tend to believe things come to me still
They rise and they fall until they don't anymore

If you see me look this way and I'll know, that you'd like to say, so stay and I'll show
You another place that we could both go, it's awfully safe and awfully close
Stay close to me, you once were part of me

Say no to me now, to say yes later on
I know that we both are already gone
I tend to believe things come to me still
They rise and they fall until they don't anymore

Vittoria: Hiiii Vaaaaaal, um we're making dinner and, well,
we don't know where you are and we kinda wanted you home? bubbye!
